

Sri Bhramara's
Paradise

A Paradise for your lovely Paradise

Vijaywada is the land of victory of good over evil. It is the place where Goddess Durga rested after killing Mahishasura. It is a land of supremacy. A land where people believe in Gods and blessings. People here pray for eternity, infinite success, immortal happiness and a godly life. A life just like that of paradise.

Sri Bhramara Townships Private Limited brings you a first-of-its-kind luxurious project at Vijaywada - Paradise Housing. This gated community is spread in 50 acres, completely surrounded by greenery and guarded by a concrete compound wall. These serene plots and homes are perfect for your eternal mental peace and divine happiness.

The Divine Connection

The Builders of Paradise

Sri Bhramara Townships Private Limited is one of the predominant real estate trendsetters in the state of Andhra Pradesh. We believe in providing ultra luxurious villas, highly feasible commercial and residential plots to every aspirant who desires to make a dream home. Our core strength lies in accurate identification of locations that have guaranteed scope for development which helps us build immense trust among customers, resulting in repeated investors & strong referrals.

The Address of Bliss

Taking forward their legacy of delivering contemporary properties at prime locations, Sri Bhramara Townships Private Limited is now bringing their first-of-its-kind luxurious project at Vijaywada, Paradise Housing. A little away from the city's hush bush and amid the serenity of nature, there is a paradise-like life at the Paradise Housing. Widely extended up to 50 acres, this luxurious green heaven will be launched in 4 phases.

The Destination of Ecstasy

The Paradise Housing is a well-connected destination to all sorts of transport; industrial, educational, medical and residential areas. Entering this community is next to entering a green heaven. All the modern amenities and well-planned design make this place one's dream destination. While giving our customers state-of-the-art facilities, we also care for the nature by constructing rainwater harvesting pits, solar light systems, etc.
